## SEVENTH ANNUAL INDOOR MEET MOST SUCCESSFUL EVER HELD

Varsity Relay Walks Away From Washington and Lee Four in Two-Mile Event—Cornell Defeats Virginia by Inches.

### SIGMA PHI EPSILON WINS FRATERNITY RACE

From the first shot of Starter Beckett's gun until Captain Lou. Connor carried the Buff and Blue across the tape a winner in the final relay, the Seventh Annual Indoor Games of the George Washington University, were a complete success in every respect.

The athletes from Washington and Lee were out in full force and took home with them the cup given for the college scoring the largest number of points. Washington and Lee's track and field men scored a total of 28 points, their nearest competitor, Georgetown University, scoring 11½ points. Catholic U., Virginia, Johns Hopkins, M. A. C. and George Washington were close behind.

Of the many closely contested events, three stand out as furnishing the thrills of the evening—the George Washington-Washington and Lee relay, the Cornell-Virginia relay and the Interfraternity relay.

In the first named event, "Pete" Herring, L. A. Maxson, R. O. Kluge and Capt. L. G. Connor ran in the order named for George Washington. Herring ran a heady race, holding his own against Hastings of W. and L.; Maxson took up the second portion against McNitt, and touched off Kluge with a lead of about 15 yards. Kluge lengthened George Washington's lead against his opponent, Gladney, and then Captain Connor displayed one of his old-time bursts of speed and came in an easy winner over Schultz, who ran as anchor man for Washington and Lee. It was during this race particularly that the "rooter's section" seemed to go wild, and if an "old grad" had returned, it would have gladdened his heart to see the old-time spirit of George Washington University once more in evidence. The frequent "George, George" helped the team to win, and it showed that the students of the University were out in force to do their part in the meet.

Another relay that furnished "bunches" of excitement, was the one staged between the relay teams representing Cornell University and the University of Virginia. Never during the entire race was the representative of either team more than 4 yards ahead of his opponent, and when Acheson of Cornell and Goodwin of Virginia shot over the finish line, it was necessary for the judges to confer in order to determine who won. The decision was given to Cornell, but the Virginia men had the satisfaction of having run one of the prettiest and most closely contested races ever held in this city. The official time was given as 3:45 2-5, which is exceptionally good considering the fact that the race was run on a 12-lap indoor track.

The voices of the George Washington University fraternity men present were all surprisingly hoarse after the Interfraternity Relay. Sigma Phi Epsilon, Sigma Alpha Epsilon, Theta Delta Chi, Phi Sigma Kappa, Delta Tau Delta, and Alpha Beta Phi entered teams, and until the anchor men had crossed the line, it was impossible to tell the winner. For the third consecutive time, the team representing Sigma Phi Epsilon won the trophy. Hamack of S. P. E. crossing the finish line but a few yards ahead of the anchor man of S. A. E. The men who ran for Sigma Phi Epsilon, were Merryman, Scott, Harsch and Hamack, in the order named.

Harry H. Semmes, Law '16, won four of George Washington's points by tying with E. B. Hallman of Washington and Lee, for first honors in the South Atlantic Intercollegiate championship pole vault, each clearing the bar at 10 feet 6 inches. H. Robertson of Georgetown and Benj. Tappan of Johns Hopkins tied for third place in this event.

The two-mile S. A. I. A. A. Championship run was made in fast time, John Campbell, Georgetown, winning, with Robt. Rosen, J. H. U., second, and "Pat" Fleming of George Washington, third. In this race, Rosen finished a close second, while Fleming, who finished third, succeeded in outdistancing Johnson, of Washington and Lee, who had been his rival throughout the contest.

Most of the track events were closely contested, and while Washington and Lee's representatives carried away the honors of the evening, the men from Georgetown, Catholic University, University of Virginia, Johns Hopkins University, Maryland Agricultural College, and George Washington University, made them set a lively pace in order to win.

Western High School of this city, carried home the trophy for the scholastic events, with 15 points, Technical, St. Albans and Manassas High School each having points to their credit. The athletes from the "High School" each having 5 points to their 1,200-yard scholastic relay, and the 1-mile senior scholastic relay.

The Columbia Athletic Club won three relay events, a two-mile number from Carroll Institute; a 1,200-yard number from Ascension A. A.; and a 1,200-yard number from the Fifth Regiment.

Maryland Agricultural College relays finished first in the one mile event against St. John's College, and in the 1,200-yard race against Gallaudet College, both races being closely contested and the spectators being on the qui vive during the entire course of the events.

That the proper officials were selected to supervise the events was evident from the fact that the whole affair went off smoothly and there were no protests from participants or

## CRUCIAL GAME WITH GEORGETOWN NEXT WEDNESDAY

Varsity Squad Now on Northern Trip in Vicinity of New York City.

### VIRGINIA GAME FRIDAY

Will George Washington win the basketball championship of the District? Or will its old rival, Georgetown, celebrate the athletic reconciliation by grabbing the laurels?

This question among others will be settled at the Hilltop gymnasium next Wednesday night, when the Buff and Blue will make the last stand of the season against the threatening rival. Fresh from the northern trip in which they will meet some of the best basketballers in the college world, the George Washington quint will make a magnificent battle for the trophy. If they lose they will have no excuses to make. The experience gained on the northern trip, according to Manager Murray, will put the team in fine fettle for the great battle. They will be trained to the minute, and their eyes will be true. If—but Kipling wrote a poem about that word.

The George Washington five left yesterday morning for Lancaster, Pa., where they met Franklin and Marshall last night. Tonight they will clash with Seton College, at South Orange, N. J., and tomorrow night they will meet the Crescent Athletic Club, of Brooklyn, in the New York suburb. They will spend Sunday in New York at the Cumberland Hotel.

On Monday night they will celebrate George Washington's Birthday with a game with West Point, up the Hudson. Then, the trip home and the game with Georgetown and—Georgetown already has one game to their credit, and so far as George Washington's flirtation with the District championship is concerned, it is Wednesday night or never.

A game with the University of Virginia at the National Guard Armory Friday, February 26, will close the athletic season at George Washington.

Those who left on the northern trip yesterday morning were Manager Murray, Almon, Johnson, Shaver, Groesbeck, Hamner, and Bryant. Coach "Schultz" Schlosser left this morning to join the team at South Orange, N. J. Athletic association tickets will admit to the game with Georgetown at the Hilltop gymnasium Wednesday night.

### COLUMBIAN DEBATING SOCIETY ELECTS OFFICERS

At its first meeting of the second semester the Columbian Debating Society elected officers to serve the rest of the year. M. H. Francis heads the organization and the other officers are: Vice-President, D. A. West; Secretary, O. T. Smith; Treasurer, B. M. Stovall; Press Representative, Bert Van Moss; Critic, F. B. Morehouse; Executive Committee, W. L. Waniass, Charles Silver and F. B. Van Schaick.

Last Friday evening the shipping bill now before the United States Senate was warmly debated. The Society meets every Friday evening in the Law School, New Masonic Temple and a cordial invitation is extended to all students in the University to attend.

Without further notice, THE HATCHET will be discontinued after March first to those subscribers who have failed by that date to settle for the year's subscription. Service will be resumed after the payment of the bill.

## "SWEET LAVENDER" MARCH 15 AND 16

"The George Washington University Players" To Produce Popular Comedy.

### ALDEN WHEELER DIRECTOR

The above announcement should attract the attention of every loyal student at George Washington. It will be a chance to have a real treat staged by George Washington students for a George Washington audience.

"Sweet Lavender," the name itself is enchanting, but the play is exhilarating. The cast has been working hard since the middle of last December and is fit to give a production that will rival any of the local stock companies. Nothing will be left undone to make this the greatest production ever presented by George Washington students. In an interview with Mr. Wheeler, the director of the play, it was learned that there would be many real surprises in the line of real acting uncovered on this occasion. The competition in the cast has been of the very keenest; the wealth of material that stands ready to fill in any gap that might be caused by a single absence has kept the cast on edge every moment and incidentally on time for every rehearsal. It is whispered by grave faces how the first leading man took a night off early in the rehearsals and was summarily expelled. Since that time it is needless to say that nobody has been late or absent.

Incidentally this play is being given for the benefit of athletics, and that has more than a mere passing significance in it. Anything connected with athletics at George Washington these days finds the Director of Athletics behind it and wherever he is concerned there is sure to be something doing.

In a recent interview, Professor McNemar said: "Alden Wheeler has had a great deal of experience not only in real acting but in the directing of players; in fact he is an efficient play director and capable of handling a group of players. He also knows that I am holding him responsible for the proper production of this play. The manner in which he disposed of his first leading man when he failed to appear for rehearsal taught the cast a real lesson that will not be soon forgotten. If more things were handled in that manner at George Washington we would have less foolishness, fewer deficits, and more efficiency. I expect this to be the greatest play ever produced by a college cast in the city of Washington."

### PRE-MEDICS MEET.

Reside to Hold Meetings First Monday in Each Month.

A meeting of the pre-medical class was held in the A. & S. Assembly Hall last Monday evening at 7 p. m. at which President R. L. Bailey presided. The question of having regular meetings was proposed and after a lively discussion it was voted to hold meetings the first Monday in each month. It was also voted to have a class entertainment the second week in March, and to invite a member of the Medical School faculty to address the class. A campaign was initiated to interest every member of the class in general and class activities.

## FATE OF SINGLE TAX IS UP TO STUDENTS

Polls Will Be Open Next Tuesday to Thursday, Inclusive, in All Departments.

### THREE DOLLAR FEE PLANNED.

Do you want student activities strengthened? Then vote next week for the single tax as the annual student activity fee has been designated. More than that, get your friends and classmates to vote. Printed ballots will be placed in every department of the University with sealed ballot boxes. The balloting will start Tuesday morning, February 24, and will close at 7:30 p. m., Thursday, February 26. Every student in the University is permitted and requested to vote on the proposition.

The plan is briefly this: Each student in the University registered for more than three credit hours of work per week shall be taxed the sum of three dollars annually upon registration, such tax to be payable in advance to the Treasurer of the University in exactly the same manner as the present library fee. Each such fee collected shall be apportioned as follows: to the University Hatchet, Inc., fifty cents; to the Cherry Tree, one dollar and fifty cents; to the University Athletic Association, one dollar. Upon payment of this fee each student shall receive a subscription to the University Hatchet, shall receive a copy of the Cherry Tree at the end of the school year, and shall be a member of the Athletic Association with the privilege of voting for officers and of buying season tickets to athletic events at reduced rates.

This proposition, proposed to the Association of Class Presidents, is submitted by the Association to a referendum vote of the entire student body before laying the matter before the Board of Trustees. The committee in charge of the voting consists of Erwin Harsch, Engineering, J. C. Bradley, Medical, and Fred M. Fogle, Columbian College. The committee requests all students to vote on the proposition whether pro or con in order that a correct estimate can be made of student sentiment on the plan.

### TO REMOVE FROM DEBTS.

Freshman and Sophomore Classes Start Subscription Campaign.

At a joint meeting of the freshman and sophomore Arts classes in the Assembly Hall last Tuesday noon, active steps were begun toward paying off the debts incumbent on each class as a result of the financial failure of the Freshman Proms of this and last year. The total indebtedness of the two classes is about \$145 divided about equally between 1917 and 1918. The money is owed to business men of this city and the meeting was called by Dean Wilbur as the result of action recently instituted by the creditors against the University.

It was decided that the most feasible method of raising the required amount was that of subscription by members of the class. A committee composed of members of the two classes was appointed to canvass the entire classes for donations. The personal of the committee is as follows: Janney Nichols, chairman, Miss Phyllis Stewart, Miss Theodosia Seibold, Tully Garner and Harry G. Hodgkins. The canvass will be continued until May 1st or until the required sum is raised. It is estimated that a subscription of fifty cents from each member of the class will be sufficient to clear off the debt. The list of subscriptions will be published in the Hatchet each week.

## ALL OUT TO THE GAMES.

Every student in the University has a date next Wednesday night. It is at Ryan gymnasium, Georgetown, to see the Varsity clean up for the Hill-toppers in their return game. They are going to do it, too, if the students come out and give them the moral backing they desire. It is the biggest and most important game on our entire schedule, and everyone should be there. Georgetown managed to slip over a victory on our floor and the Buff and Blue quint is out to turn the tables on them. Athletic Association season tickets will be honored for admission to the game. Let's go out there and show those Georgetown fellows how to support a team.

And don't forget that Virginia game Friday at the National Guard Armory. Virginia has practically annexed the South Atlantic championship but on our own floor the Hatchettites will give them a run for the money. It is a big game and moreover, the last of the season, and shouldn't be missed. Watch the Varsity end in a blaze of glory.

## SINGLE TAX IN THE UNIVERSITY

The single tax, which has been proposed in this University by the Association of Class Presidents is an institution which cannot fail to result in lasting good to the University. Already a feature at most of the educational institutions of high rank, this system has proved to be practically the only one which stands the wear and tear of time and change in a school. By reason of the fact that it is not subject to the whims of rise and fall of feeling, it serves to foster a permanent school spirit by insuring those institutions, and with them those traditions, which serve to make American college life what it is.

In more precise terms, the following things have been carefully calculated and set forth:

The single tax, in the sum of three dollars per student payable annually at the time of the payment of the registration fees, is to be enforced by the University as an integral part of the student's University expenses.

This sum of three dollars, after being collected, is to be apportioned in the following manner: one dollar to the George Washington University Athletic Association, fifty cents to the University Hatchet, Inc., and one dollar and a half to the Cherry Tree. The student in return shall be a member of the association and receive

admission to all the athletic events of the University year at a reduced rate, shall receive the Hatchet for the year, and shall receive a copy of the Cherry Tree at the close of the year. It has been accurately figured that the differences in quantity of the various commodities required will be amply covered by the amount of money asked as long as our registration stays in the vicinity of or becomes greater than its present mark.

As usual, the first opposition to this project is expected from the faculty and the trustees, who have apparently endeavored systematically for the last six years to suppress and nip in the bud, if possible, every student activity leading to the betterment of the school and the creation of a real college spirit at this place with the exception of this paper, which we cannot say is untrammelled. In regard to this project we call attention to the following points:

First, no one will change his prospective university on account of an increase of three dollars per year in expenses.

Second, no one will refrain from attending a college because it will cost three dollars more.

Third, as an aid to University activities, the Hatchet, being received weekly by every student instead of a scant third of the enrollment, will assist materially in advertising and promoting every line of student endeavor.

Fourth, the Athletic Association as well as the other organizations will be capable of carrying their transactions for the year with ample funds for expenses without the possibility of leaving a debt as the heritage of the school.

Fifth, the fact that these institutions are run successfully with the interest of a large majority of the students at heart will tend toward a growth of these interests which will not wane with each year.

We anticipate that the faculty will charge that it will be impracticable to demand and collect such a sum from the students; that students will find the charge onerous and will refuse to pay it; and that this innovation would constitute a subsidizing of student interests by the University.

To admit that the fee could not be collected would be to admit that this University is a weakling, and is incapable of maintaining its discipline. The fact is that the University experiences no difficulty in levying its library fee and collecting it, too. The question as to whether the students will regard it as a burden will be settled long before the question is put up to the faculty by the Class Presidents by a straw vote. The objection that it would be a University subsidy has been answered heretofore in these columns by the statement that the University which seeks to avoid such a relation places itself on record as being opposed to the very methods which have proved so efficient in the great Universities of the country.

The Hatchet is far from believing

that the single tax will usher in a great millennium or prove a panacea for all the ills known to this college, but the Hatchet is firmly convinced that this proposition is the greatest step in the right direction which has up to the present time been proposed and that it will be the most efficient step toward the definite establishment of the University in an enviable position in the educational world.

## GIRLS' BASKETBALL TEAM TO GIVE TWO BENEFITS

Luncheon to be Held Next Wednesday and Theatre Benefit, March 2.

## OVERWHELM EASTMAN SCHOOL

In order to defray the expenses of the coming Northern trip of the Girls' Basketball team, a benefit luncheon will be served in the Main Building of the Arts and Sciences group next Wednesday afternoon and evening and a benefit performance will be given at Poll's theatre, Tuesday, March 2.

The luncheon will be served from 12 to 1:30 and from 4:30 to 6 on Wednesday, February 24. Tickets are twenty-five cents each and may be purchased from members of the team and from Miss Watkins. An excellent repast will be provided, well worth the price asked. This luncheon offers an especially good opportunity for those who will attend the big Varsity basketball game with Georgetown that night to save time and trouble by eating at the University.

March 2, will be "George Washington Night" at Poll's theatre when the popular stock company will present "The Crisis", a well-known success. A large attendance should result from such an offering. Arrangements have been made with the management whereby the students may give yells and songs between the acts and this promises to be a prominent feature of the occasion. The girls' basketball team will occupy one of the boxes and is expected that the Men's Varsity will do likewise. Tickets will shortly be placed on sale by Mary Tyndall, manager of the team, and should be purchased only from her agents and not from the box office if the team is to receive the benefit of the purchase.

G. W. U., 48; Eastman School, 5. The co-eds swamped the fair goal-tossers from the Eastman School of this city on the Epiphany gym last Saturday morning by the score of 48 to 5. The seminary girls never had a look-in, their lone field goal being obtained in the last few minutes of play. Their other three points were obtained on tosses from the foul line. The team work of the Buff and Blue sextet was uniformly good, Misses Seibold and Reeve and Miss Field at side-center playing exceptionally well.

The line-up was as follows: Center, Ella Gardner; side-center, Luella Field; goals, Eleanor Reeve and Theodosia Seibold (capt.); guards, Carola Craig and Mary Tyndall. Goals from floor: Seibold, 11; Reeve, 11. Goals from foul: Seibold, 1; Reeve, 3.

## CHEMICAL SOCIETY HEARS PAPER ON HISTORY OF CHEMISTRY

The regular meeting of the G. W. U. Chemical Society was held Feb. 10. Mr. J. N. Taylor gave a very interesting paper on the History of Chemistry, which was followed by a very spirited discussion. The society voted to have its picture in the A. & S. Annual and also discussed the publication of a pamphlet later in the year. Owing to the absence of the regular secretary, Mr. P. J. Donk, M. R. Walton occupied the secretary's chair.

Dr. M. X. Sullivan, of the Bureau of Soils, will be the principal speaker at the Public Meeting of the Chemical Society which will be held on March 10. His subject will be "Some Aspects of Bio-chemistry." He has done much research along this line and is thoroughly conversant with that field of Chemistry. A large attendance is desired and expected and all students whether members or not, are strongly urged to make a special effort to hear Dr. Sullivan on this subject of vital interest to all students of Chemistry.

The Chemical Society will make a trip of inspection to the plant of the Washington Gas Company in March; the exact date will be announced later.

## INTERFRATERNITY PROM DATE SET FOR APRIL 9

Annual Dance of University Greeks  
Will Be Held Friday After Easter.

### RUSSELL DUVAL IS CHAIRMAN

April 9, the Friday after Easter, was set as the date for the Annual Prom of the Interfraternity Association at its February meeting held at the Theta Delta Chi charge house Wednesday evening, February 10. Russell Duval, of Delta Tau Delta, was appointed chairman of the committee in charge. The other members of the committee are: L. H. Brown, Sigma Chi; John L. Tunstall, Kappa Sigma; R. T. Haskell, Phi Chi; A. W. Kenner, Alpha Kappa Kappa; and Frank Wallace Stoeber, Phi Sigma Kappa.

James F. Pierce, editor of the Law School Year Book, "Res Gestae", was present and explained the plan of the Law School authorities to send a copy of the book to every chapter of each fraternity represented in the University, provided the local chapters decided to have their pictures in the book. All the general fraternities have agreed to support in this way both the Law School book and that of the Arts and Sciences Department.

Following the meeting a buffet luncheon was served by the host, Detlow Marthinson. The next meeting will be held, Wednesday, March 3, at the Phi Sigma Kappa house.

Competition is keen in the Interfraternity Duckpin League for the handsome plaque hung up for the winning team in the tournament. The first games were played Tuesday evening, February 10, when Sigma Chi won two straight sets of three games each from S. A. E. and Kappa Sigma. The following Thursday they repeated against the Sigma Phi Epsilon quint and Sigma Alpha Epsilon revenged themselves on Kappa Sigma. With nine games already to their credit the prospects of the Sigma Chis are exceedingly bright for annexing the trophy, but they may be surprised by one of the other five teams they have yet to play.

The addition of Delta Tau Delta to the league has made necessary a revision of the schedule, a copy of which is printed below.

As stated in old schedule, all teams report at 7:45 p. m., on Thursdays. On Tuesdays team appearing first on schedule report at 7:45 p. m. and team appearing second at 9:45 p. m. on the Speedway Alleys, P street northwest, just west of Fourteenth street.

## DUM DUMS AND SHRAPNEL.

By T. S. D.

This One Is.

The jitney bus is here to stay  
I saw one on the job,  
But any man who rides in one  
Will soon be called a snob;  
Because he never can decide  
To ride down in a car,  
Nor on his feet perambulate  
Because it is too far.

You ought to be able to stand two  
jitney-bus gems in succession, that is,  
last week's and this. But we promise  
—never again.

Of course, you remember the little  
girl that described a frog as an animal  
standing up in front and sitting down  
behind.

This refers to the A. A., the officers  
standing up and working, the members  
sitting down and sleeping—get me?

No, they can't stand up and sleep,  
even if they are hoarse.

We were afraid that Luther would  
spell that h-e-a-r-s-e, but he got it  
right.

We recollect, during the flood in  
Ohio, the souse busily engaged, while  
standing in three feet of water, in try-  
ing to manipulate the fire plug, say-  
ing, "Somebody's got to shut this  
water off. We can't waste it like  
this!"  
—Everybody's.

A lawsuit was recently in full swing  
and during its progress a witness was  
cross-examined as to the habits and  
character of the defendant.

"Has Mr. March a reputation for  
being abnormally lazy?" asked a  
counsel briskly.

"Well, sir, its this way. I don't  
want to do the gentleman in question  
any injustice, and I won't go so far  
as to say, sir, that he's lazy exactly;  
but if it required any voluntary work  
on his part to digest his food—why,  
he'd die from lack of nourishment,  
sir."  
—Everybody's.

She—What did you think of our  
scheme for Christmas decoration—  
holly-leaves over laurel?

He—Why, I should have preferred  
mistletoe over yew.

—Tit-bits.

Our English stenog. said: "The old  
codger. I'd have jilted him if he had  
preferred mistletoe before me."

Watch For the Suff. Issue!

You didn't know we had any suffs.  
in this school, did you? Well, we do,  
in spite of our civilization. Well-  
preserved specimens, too!

They even cook our dinners, some-  
times.

You didn't think that was possible,  
did you?

My wife is an ardent suff.

Tantum sufficit.

## DEPARTMENTAL NOTES.

## COLUMBIAN COLLEGE.

## Attention!

By special arrangement the Cline-din Studio has extended the time for sittings for the Arts and Sciences Seniors to Saturday, February 27.

M. R. Walton, Business Manager of the A. & S. Annual, reports that work on the book is progressing rapidly. The only delay is from seniors who have not already had their sittings at the photographer's. He urges every student who has not already done so to make an engagement with Cline-din immediately as next week is absolutely the last in which pictures may be taken.

The work on the various student organizations is getting along well. Each general fraternity in the University and all athletic teams and other student organizations will be pictured in the volume which will contain more about the Department of Arts and Sciences than the Cherry Tree. Subscriptions to the book are \$1.50 and may be sent to the Business Manager, or to the Hatchet office.

Rehearsals have been started on the Senior Play which is always a feature of Commencement Week. The play was written by Miss Everil Worrell. As there are several members of marked dramatic talent in the class the success of the performance is practically assured.

## ENGINEERING.

N. C. Wiley and F. D. Whittle, graduates of Webb Academy, New York, have registered in the Post Graduate school. These men are Naval Architects and are taking major studies under Prof. Gordon for M. E. degrees.

Louis M. Heron is representing the Hill Publishing Co., of New York, publishers of "Engineering News." He is looking after the collections of the student subscriptions.

Samuel W. Mason was absent a few days last week, due to illness.

The class in Hydraulic Engineering is engaged in plotting a special logarithmic cross section paper. It is planned by Professor Doten to have this paper photographed and made into plate form for the printing of many copies, which are to be used by the class for future work and for College of Engineering at large.

## MEDICAL SCHOOL.

Dr. T. C. Martin, Professor of Proctology, in beginning the lectures in his course on February 10, rather surprised the Juniors by requesting them not to take notes in writing on his lectures, but rather make mental notes of what he had to say. He stated that the best way for a student to forget what he had heard in a lecture, was to confide his information to a note book. Our old friend Maurice Catzva proceeded to give Dr. Martin a jolt by taking down in his note book what was being said. Dr. Martin then in a few humorous words effectually put a stop to friend Catzva's note taking.

All students in the Medical Department are urged to have their pictures taken as soon as possible for the Caduceus. March 1st will be the last day that pictures will be taken. Get your coupons from your class editors, also if you have not made your first payment of one dollar on your subscription, do so at once. The Business Manager needs the money.

Dr. Martin during the past few weeks has had several of his operations at the University and Garfield Hospitals photoed by the motion picture camera. It is hoped that he will use the pictures in illustrating his lectures. The writer believes that it will only be a question of a few years when the "movie" will be used by the majority of lecturers in medical schools in illustrating their subjects and en-

abling the student to gain a clearer conception of what is being explained.

L. E. Coolidge is on the sick list with a case of measles.

The sophomores were examined in Bacteriology, February 15.

The Freshman Medic Bowling Team slipped a surprise over on the Soph Team by capturing two out of three games rolled Saturday, February 13. The teams were made up as follows; Frosh—Lyons, Tanner, Lewis, and Connor; Sophs—Mann, Shinn, Legge and Weaver.

## LAW SCHOOL.

The plans for the semi-centennial celebration of the Law School have reached such a stage that a committee, composed of one member from each class graduated has been appointed by Secretary Van Vleck to arouse interest and to suggest features for the alumni reunion. As it is very probable that the undergraduate body will be asked to co-operate in several of the meetings and entertainments, it has been suggested that representatives be appointed also from each of the three classes in the school to serve with the alumni.

Harold Keats, ex '15, of "Go-to-Church Sunday" fame, displayed his usual activity as an official at the meet Saturday night. Keats, while in a moment of repose stated that it was his intention to resume his legal studies at G. W. U. in the near future. He also vouchsafed the information that Count de Mankowski, also a former member of the senior class, was now engaged in selling guns to the Russians.

The faculty has about decided that in future especial efforts will be made to correct the midyear examinations of the senior class, as quickly as possible in order that members conditioned or failed in a subject will be enabled to take extra work for the second semester, if they so desire, to make up the deficiency. Under the present system, by the time the marks are given out the work of the second semester is so far advanced that enrollment then is precluded.

While it has been frequently rumored that intercollegiate debates have been arranged for the year with Cornell and Georgetown, yet nothing definite seems to have been accomplished, and as the debating talent of the Law School is more abundant this year than ever, it would seem that a good opportunity to add more victories to G. W. U.'s record is being neglected. Besides the veterans of past engagements, S. P. Jones, P. B. Morehouse, and R. C. Shaw, many promising debaters have been discovered in the Columbia Society and the University Congress, while Jones, a former Princeton debater, and Charles J. Shaw, winner of the District scholastic championship, have also recently entered the school.

## GLEE CLUB ELECTS THREE.

As a result of a tryout of voices held in the Assembly Hall of the Department of Arts and Sciences Monday, February 8, the following three girls have been elected to membership in the Girls' Glee Club: Ella Gardner, Helen Hotchkiss, and Theodosia Selbold.

The Glee Club is prospering and is planning to stage an operetta in the latter part of the term probably in April.

## SKULL AND CIRCLE

## HOLD DINNER

The Order of the Skull and Circle, Sophomore Society, held its regular monthly dinner on Wednesday, February 17th. Dean Everett Fraser of the Law School was the guest of honor.

This Order has for its avowed principle the promotion of closer relationship between the various Departments of the University, and has within its membership representatives from every Department of the University.

## WITH THE GREEKS.

On Friday evening, February 12, Nell McFarlane, Sylvia Hazlett, and Margaret Haines delightfully entertained the Sigma Kappas at a Valentine "Five Hundred" party. The feature of the evening was the announcement of the engagement of Sylvia Hazlett to Charles Schwenck, of Lansdale, Pa.

Esther Foster entertained the Sigma Kappas at a most original Valentine party in honor of her cousin, Miss Milwee Davis, on the afternoon of February 13.

Elsa Weber and Mildred Padgett were guests of Sigma Kappa at luncheon Monday, February 15. On Wednesday, February 17, Mrs. Miles and Mrs. Marks were luncheon guests of the sorority.

Miss Elizabeth McBride, a Chi Omega, from California, visited the local chapter last week.

Chi Omega gave a most enjoyable "Mother Goose" masquerade dance Friday evening, February 12.

Sigma Alpha Epsilon held a smoker at the chapter house, Friday evening, February 12.

## SEVENTH ANNUAL INDOOR MEET MOST SUCCESSFUL EVER HELD

(Continued from page 1)

spectators as to the decisions, many of which were decidedly close. The list of officials is as follows:

Referee, Emory M. Willson; clerk of course, Joseph O'Toole; assistant clerks of course, H. W. Hodgkins, M. G. Slarrow; marshals, D. H. Liford, Homer Shaver, Harry Frederickson, N. W. Dougherty; starter, C. E. Beckett; official scorers, Alfred L. Stern, Harry C. Byrd, William Peet, Lewis Dougher; field judges, Frank Schlosser, Chas. R. Cox, Charles V. Moran, James Baily, Jr.; judges of the finish, Dr. William Burdick, John D. O'Reilly, Dr. J. W. H. Pollard, W. B. Marbury, W. S. Culbertson; timers, Dr. S. R. Karpeles, W. P. Bowie, J. G. McCallister, G. F. Green, Chas. King; inspectors, E. O. Schrieber, Jr., D. A. Baer, George Sensner, Reginald Rutherford; custodian of prizes, Robert Cranston; head usher, L. C. Terry.

Too much credit cannot be given the men whose untiring efforts and interest made it possible for George Washington University to again enter the athletic arena and stage Indoor Games of its own. Prof. Leslie Cleveland McNemar, Faculty Director of Athletics of the University, is the one to whom the greatest amount of credit is being given by the students of the University and Washington people interested in athletics. Prof. McNemar worked energetically and it is due to him that the meet was such a success.

Clerk of the course, Joseph O'Toole was ably assisted by Howard W. Hodgkins, '13, Graduate Manager of Athletics. Mr. Hodgkins was Prof. McNemar's right hand man during the preparations for the Games, and acted as Assistant Clerk of the Course. The coach of the track team, Robert P. Fleming, who conducted the first indoor meet ever held by George Washington, is responsible for the excellent condition of our track team, and was of much assistance in the management of the Games.
